SCAN FOR PORTFOLIO

Professional Summary

Results-driven full-stack developer with hands-on experience in web development, DevOps, and data analysis. Proficient in building scalable applications, automating deployments, and optimizing cloud infrastructure. Passionate about delivering impactful digital solutions through collaboration and innovation.

Technical Skills

- **Languages:** JavaScript, Python, C++, Bash
 - **Frontend:** React, Tailwind CSS, HTML5, CSS3, GSAP
 - **Backend:** Node.js, Express
 - **DevOps Tools:** Git, GitHub, Jenkins, Maven, Docker, Kubernetes, Terraform, Ansible
 - **Cloud Platforms:** AWS
 - **Virtualization:** Linux, VMs, Containers
 - **Monitoring/Analytics:** Google Analytics
 - **Design & Productivity:** Figma, Photoshop, Excel, Jupyter Notebook
 - **Soft Skills:** UI/UX Design, Debugging, Problem-Solving, Team Collaboration
-

Certifications

- DevOps Foundations & Tooling – [Udemy Certificate](#)
 - Advanced JavaScript and React – [Simplilearn](#)
 - Web Development Fundamentals – [IBM Skills](#)
 - Cloud Computing Fundamentals – [IBM Skills](#)
-

Projects

GitOps Deployment Pipeline

Built a GitOps workflow integrating Jenkins and ArgoCD to automate app deployments on Kubernetes.
Stack: Git, Docker, Helm, Kubernetes, Terraform, AWS, Ansible

Task Manager App

Developed a full-stack app with task creation, deadline tracking, and push notifications.
Stack: React, Node.js, Express, MongoDB

Iris Dataset Analysis

Performed data cleaning, visualization, and classification on the Iris dataset using Python and Jupyter Notebook.

Work Experience

Data Scientist Intern

Financify, Dubai | May 2024 – Oct 2024

- Conducted exploratory data analysis (EDA) and built visualizations using Python and Jupyter Notebook Reduced backend response time by 90%.
- Automated data preprocessing workflows, improving model readiness and reducing manual effort
- Built and evaluated machine learning models for classification tasks
- Presented actionable insights to the product team, influencing feature priorities

Web Developer Intern

Code Soft, Dubai | Jan 2024 – April 2024

- Increased site performance by 95% through optimized React practices
 - Reduced backend latency by 90%
 - Delivered production-ready features in cross-functional sprints
-

Education

BSc in Information Technology

Walsh College, Dubai

Achievements & Activities

- Led coding workshops and university hackathons.
 - Mentored junior developers in DevOps and Web Development.
 - Active contributor to open-source UI/UX and DevOps communities.
-

Languages

- English: Professional Proficiency
- Urdu & Hindi: Native Proficiency
- Arabic: Basic Proficiency
